We have a few open positions that you or someone you know might be interested in. These are meaningful opportunities to help make Western New York a better place for refugees.

IIB’s Survivor Support Services program provides trauma-informed care for survivors of domestic violence and human trafficking. This month, we highlighted the positions on staff who provide specialized services for survivors who are already clients.

In April, we continued with the second part of our Economic Warfare program, which provides education, training, and resources for refugees and immigrants to succeed in the workforce. We had the opportunity to work with Erie County Cancer Services, which provided a Colorectal Cancer Screening program.

Last year, we raised over $30,000! We hope to top that this year. It is important to support refugees and immigrants who come to Buffalo for their human rights and to provide them with the tools they need to succeed.

Donations are accepted online and by phone. To learn how you can schedule a time to talk about the ways you can make a difference with IIB, please reach out to our Development team.
